

# PARADISE POS

Become a Channel Partner

# Adding Value to the Channel

We know choosing a point of sale (POS) software partner is no small commitment. You want to work with a company that is dedicated to developing a solid, reliable product as well as investing in you and your success. Those are the reasons channel partners around the world offer their customers Paradise POS as their preferred iPad POS software.

## iPad POS Software for Retailers and Restaurants

The convenience of an iPad combined with a powerful POS software gives your clients a robust, feature-rich POS platform to run their business operations. From checking out customers and tracking sales to inventory and managing employees, Paradise POS provides channel partners and their customers with the tools to be successful.
